

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**  
Este informe contiene información muy importante sobre su agua potable.  
Tradúzcalo o hable con alguien que lo entienda bien.

**Bridgeport PUD Has Levels of Arsenic  
Above the Drinking Water Standard**

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what you should do, what happened, and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Water sample results for the 4<sup>th</sup> quarter, showed arsenic levels of 0.021mg/L (Cain Well) as of 12-06-20 and 0.026mg/L at (Twin Well) as of 12-07-20. This is above the U.S. EPA standard, or maximum contaminant level (MCL) of 0.010 milligrams per liter.

**What should I do?**

- You do not need to use an alternative water supply (e.g., bottled water). -
- This is not an emergency. If it had been, you would have been notified immediately. However, *some people who drink water containing arsenic in excess of the MCL over many years may experience skin damage or circulatory system problems, and may have an increased risk to getting cancer.*
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

**What happened? What is being done?**

Installation of a Treatment Facility has started with a completion date of early 2021. The Treatment Facility is located on Twin Lakes Road near Kingsley St. Project is 95% completed. The building is built and secure and the equipment inside, after a few alterations, will be ready to start the treatment of our water.

For more information, please contact Lynnette Campbell, Office Manager at [(760) 932-7251] or P.O. Box 473 (233 Twin Lakes Rd.) Bridgeport, CA 93517

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.*

**Secondary Notification Requirements**

Upon receipt of notification from a person operating a public water system, the following notification must be given within 10 days [Health and Safety Code Section 116450(g)]:

- SCHOOLS: Must notify school employees, students, and parents (if the students are minors).
- RESIDENTIAL RENTAL PROPERTY OWNERS OR MANAGERS (including nursing homes and care facilities): Must notify tenants.
- BUSINESS PROPERTY OWNERS, MANAGERS, OR OPERATORS: Must notify employees of businesses located on the property.
